Eckstein Puppet Theatre

"The Story of the Little Mouse" by Horst Günther

The little mouse lives contentedly and happily in the forest until one day the magpie convinces him that he is living in a hole – a rather shabby dwelling.

It decides to build a new home and pops round to visit various animals to see how one goes about building a proper home. In the end, it ends up with a crazy structure. A whirlwind tale of true and false friendships.

Director: Horst Günther
Performed by: Raimund Jurack
Puppets: Catrin Jurack
