# Michael Lindner "Christmas"

## Christmas music

Michael Lindner found the inspiration for his music in 2003, when a bassist in Cuba played him a guitar arpeggio.

This quickly led to the development of his own instrumental compositions as well as cover versions, complemented by vocals.

At the Christmas market "Lichterglanz und Budenzauber%", he will be providing plenty of festive cheer with "HaWeihNacht%" will ensure there's plenty of festive spirit.
