

# Babbutzi Orkestar

- Italien

When the Balkans meet punk, the result is a musical earthquake. This Italian band blends Balkan beats, ska, rock and klezmer into an explosive live experience that knows no bounds.

With raw energy, driving brass and an irrepressible zest for playing, they transform every concert hall into a seething dance floor.

Standing still? Not an option. Babbutzi Orkestar is the sound of collective mayhem – loud, sweat-inducing and irresistibly rousing.
