

Drunk with love

- Deutschland

A band that transforms the rush of emotions into music. With a rousing blend of indie rock, pop and melancholic sounds, they tell stories of heartbreak, euphoria and the little moments in between.

Their songs are at times intimate and fragile, at others powerful and anthemic – but always honest and straight from the heart. Live, the band exudes a special magic: between driving guitar riffs and soulful lyrics, an atmosphere is created that instantly captivates the audience.

Liebestrunken – music for falling in love, losing love and finding it again.
