Monkey and Me

- Deutschland

A clumsy monkey playing the guitalele?! Of course – anything's possible at the 'Monkey and Me' Adventure Concert! You can look forward to rousing, catchy tunes, uplifting lyrics and fun interactions. Together, we'll sing and dance our way through the vibrant jungle. We'll track down exciting animals, overcome fears and discover the wonders of nature. Of course, there'll be challenges along the way, but no problem: with their "musical powers", the children will save the day together!

Emma Grünfeld makes music that goes straight to your heart!

Her songs meet you exactly where you are right now – whether you want to celebrate, reflect or simply feel understood. Emma sings about real feelings and real life: about friendship, about courage, about insecurities big and small, and everything in between. Her music shows that you're just right, exactly as you are. You're not alone!

Born in Britain, she has lived in Berlin for many years, where she has toured with international bands and introduced countless children to music through courses and workshops. These experiences, along with her role as a mother of two, flow into every one of her songs.

Emma's unique blend of pop and acoustic sounds both fresh and familiar. Music for everyone who wants to find their own voice and make the world a more colourful place together.
