

Michael Schönfelder

Hands-on circus / Juggling workshop

- Deutschland

Michael Schönfelder runs the interactive circus, delighting young and old alike. During the circus interval, there's a chance to get creative on the spur of the moment and have a go at juggling balls and clubs, spinning poi, and playing with flower sticks and diabolos. Go on then – fun is guaranteed.

Accompanied by atmospheric music, this is a creative activity that's great fun. In no time at all, you'll be able to throw three balls and learn some simple juggling tricks.

The interactive circus delights children and adults alike. We promote diversity through the circus, fostering a cosmopolitan society.

Dates:

Sunday, 20.09.: 13:00 - 17:00
