

Krambambuli

- Deutschland

We make music that moves and inspires – and in doing so, we are always on a journey of discovery ourselves. We feel connected to everything in this world that also transforms its destiny creatively into its own way of life – regardless of the madness around us, celebrating our own zest for life until it becomes art in the making.

We are particularly fascinated by the combination of groove and subtlety found in Gypsy Swing. Our music consists – much like the drink ‘Krambambuli’, whose name is no coincidence – of many other ingredients: everything that, for us, makes up ‘music with soul’, without having to tie ourselves down too much stylistically.

One thing is certain: we have the right sounds for every occasion – from soulful to groovy and rousing, in the style of Swing Manouche. For all ages, whether for listening, enjoying or dancing.
