

Grand Final 2026

on the Elbe meadows

- International

It was back at the 2003 Autumn and Wine Festival that the spectacular 'Finale Grande' was sparked into life by their ideas.

Even 23 years later, Muriel Cornejo and César Olhagahray are still passionate about the festival, which celebrates wine and theatre as a way of life, and were absolutely thrilled at the chance to create "Exprésate – Fire Triplets" in Radebeul as a tribute to the mythical creature of their Chilean homeland.

Everyone looking forward to the new, fiery Finale Grande can look forward to a magnificent spectacle of theatre and music on Sunday evening, coinciding with the presentation of the Audience Award at the Wandertheaterfestival.

As the sun sets and the Sculpture Park glows in fiery colours, Dobranotch (INT) and Babbutzi Orkestar (IT) invite you to dance – with rousing rhythms, boundless energy and a sound that will make the banks of the Elbe tremble.

Sunday, 20.09.: 20:00 - 23:00
