Sesia Limon's music sounds like a musical breath of fresh air between worlds.

In their own unique way, they make the gems of a wide variety of musical cultures their own – from Georgia to Granada, from the Balkans to Brazil. Polyphonic vocals, underpinned by double bass and a diverse array of percussion, and inspired by guitar, charango, accordion and viola, define their unmistakable sound.

Calm, moving songs and danceable pieces each unfold their very own radiance. From this musical massage for the heart and soul springs a spark that ignites and spreads with joy.

Sesia Limon invites you on a journey full of warmth, vitality and musical encounters.
