- Ukraine

"The Stuk-Hryuk Band is a Ukrainian 'Energizer'" group from the twin town of Obuchiv.

The group is characterised by its distinctive style and originality.

Their performances are characterised by an energetic, humorous rendition of Ukrainian songs and their ability to get the audience into a lively mood.

They use everyday objects as percussion instruments: a scythe, a washboard (rubel), a rake, containers, a wooden hatch cover, a tambourine and an accordion.

The Stuk-Hryuk Band is a frequent guest at festivals, fairs and various celebrations"
